

**Standard Highway Signs Complete Sign Manual
Newly Released 2004 Edition**

The American Traffic Safety Services Association (ATSSA) announced the publication of an enhanced version of FHWA's newly released Standard Highway Signs Manual. The ATSSA publication includes not only the 2004 Standard Highway Signs Book, but also Parts 1 & 2 of the Manual on Uniform Traffic Control Devices for easy reference.

The new publication incorporates over 80 new and revised signs. It also includes drawings showing exact dimensions and layouts for all regulatory, warning, guide, recreational, cultural, emergency management, and school signs as well as conversion tables, design guidelines spacing tables, and the much anticipated standard alphabet.

Through special arrangements with ATSSA, IBTTA members may order at the member rate of \$124.95 for either the printed manual or CD. Simply call (877) 642-4637 or visit www.atssa.com and identify yourself as an IBTTA member.
