community of resilience

Bastion is an intentionally designed neighborhood in New Orleans for **returning warriors** and families with lifelong rehabilitative needs. Through our innovative community model that empowers neighbors as volunteers in a warrior's care plan, we **will sustain a thriving recovery from the wounds and casualties of war.**

Dr. David Williamson, MD
Chief Medical Director, Nexus Health Systems

"The Bastion concept is the only community-based strategy that I've seen with the type of emotional and everyday support that some warriors will require for the rest of their lives, because it's woven into the very fabric of the place they live."
