

## **Message from CEO, Joe Waggoner**

### **Tampa Hillsborough Expressway Authority COVID-19 Update**

**To our Tampa Bay community,**

Like everyone, we are facing an unprecedented situation as we deal with preventing the spread of COVID-19. We realize that you need reliable and safe travel no matter what.

Starting today, March 18, 2020, we are suspending walk-up (in-person) collection payments at our collection center for 30 days, as well as walk-up (in-person) assistance at the THEA offices.

Rest assured, you can pay online, by visiting [www.payTHEAtolls.com](http://www.payTHEAtolls.com) or you can make a payment over the phone by calling our toll-free number, 1-877-258-5205.

For now, work continues on our two construction projects. You can keep up-to-date on lane closures and detours for the Selmon Extension project here at [selmonextension.com/updates](http://selmonextension.com/updates), and the South Selmon Safety Project here at [tampa-xway.com/south-selmon-safety-project/](http://tampa-xway.com/south-selmon-safety-project/).

I encourage you to stay current on advice from the CDC and Hillsborough County and follow the recommended guidelines to keep yourself and others safe. We know that we are all being affected by this challenge. Please stay safe and take care of yourselves as we go through this together.

Sincerely,

Joe Waggoner
