

# MIKE HEILIGENSTEIN

IBTTA PRESIDENT, 2014

Mike Heiligenstein is the Executive Director of the Central Texas Regional Mobility Authority in Austin, Texas. The independent government agency was created in 2002 to design a modern, regional transportation network for Central Texas. The Mobility Authority's current and future projects are key elements in a carefully planned, multi-modal transportation system designed to meet the diverse mobility needs of this fast-growing region. Mike has been with the Mobility Authority since its inception and has overseen the development of their first project, 183A in Williamson County. 183A is one of the first projects in the country to transition to all-electronic, cashless toll collection. The Mobility Authority recently opened the 290 Toll (Manor Expressway) project, and is constructing Express Lanes on MoPac (Loop 1). The Mobility Authority is also collaborating with regional transportation entities to study six other planned expressways across Central Texas. To learn more about the Mobility Authority, visit [MobilityAuthority.com](http://MobilityAuthority.com).

Mike currently serves as President of the International Bridge, Tunnel and Turnpike Association. He also serves on the advisory Board of the Texas A&M Transportation Institute as well as several other committees and working groups dealing with transportation issues. Before taking the helm at the Mobility Authority, Mike served the citizens of Williamson County for 23 years as a public official.
