The HPTE reserves the right to reject any or all proposals received in response to this RFP, or to cancel this RFP if it is in the best interest of the State to do so. Failure to furnish all information or to follow the proposal format, requested in this RFP may disqualify the proposal. Any exceptions to the Scope of Services (see section 1.36) must be clearly identified and supported in the proposal. Inclusion of such exceptions does not guarantee acceptance by the HPTE of such variation, and may instead lead to rejection of the proposal as non-responsive.

In the event that award is NOT made to any proposer, or the HPTE cancels the RFP solicitation, all received proposals must remain confidential and not open for public inspection. The purpose for this condition is to prevent any future potential proposers an opportunity to review other bidders’ proposals and thereby gain any unfair advantage in submitting future proposals.

Any cancellations occurring before the submittal due date will be returned unopened to the appropriate bidder with a notice of cancellation letter.

**1.10. ORAL PRESENTATION/SITE VISITS:**

Proposers *may be* asked to make oral presentations, and participate in a question and answer period conducted by the evaluation committee, to insure that the proposers have the abilities offered in their proposal, to provide the services solicited specifically by the HPTE and, potentially, other State agencies. The oral presentation stage of the RFP selection process is designed solely for the benefit of the evaluation committee towards assisting it in making a final proposal selection. Oral presentations will be conducted at the proposer’s expense. The proposer should be prepared to answer any possible questions of clarification related to the RFP requirements or the proposal submitted in response to this RFP solicitation, the proposer must ensure attendance by those primary staff members anticipated to provide services under any resulting contract, and any other personnel identified by HPTE at the time of invitation.

It will be the recommendation of the evaluation committee if discussions for clarification are needed, based on their experience with application of these services to HPTE specific projects.

**1.12.3.** The sole responsibility of the committee will be to recommend the bidder whose proposal is most responsive to the State's needs while within the available resources. The specifications within this RFP represent the minimum performance necessary for response.

**1.12.4** Specific evaluation criteria are outlined in Section 3 entitled Evaluation Criteria.

**1.13. PROPOSAL CONTENT / ACCEPTANCE OF RFP TERMS:**

A proposal submitted in response to the RFP shall constitute a binding offer. **1.17. PROPOSAL PRICES:**

HPTE anticipates negotiating with the successful bidder through the task order process. This will result in final details for each task order in areas such as a detailed work plan, a delivery schedule, the specific work product(s) and compensation amounts which may include a success fee component. Proposers are alerted that any revisions, including costs, will be closely evaluated by the committee and /or licensed professional, to insure the elimination of any inequities and unacceptable conditions. In addition, proposers are advised that if, in the course of performance of a contract resulting from this RFP solicitation, any travel or per diem is required, those costs will be reimbursed at the rates outlined in the State of Colorado Fiscal Rules.

**1.20. INCURRED COSTS:**

The HPTE is not liable for any cost incurred by proposers prior to issuance of a legally executed contract or procurement document. No property interest of any nature shall occur until a contract is awarded and signed by all concerned parties.

**1.21. INTENT TO AWARD:**

After a proposer is selected, an "Intent to Award" letter will be emailed to all firms who submitted a proposal. After Intent to Award has been issued, interested parties may review their proposal by making an appointment with:

Protests received after the seven-working-day period shall not be considered. The written protest shall include, as a minimum, the following:

- A. The name and address of the protestor.
- B. Appropriate identification of the procurement by bid, RFP, or award number.
- C. A statement of the reasons for the protest.
- D. Any available exhibits, evidence or documents substantiating the protest.

**1.23. STANDARD CONTRACT:**

The HPTE will incorporate standard State contract provisions into any contract resulting from this RFP (see Attachment B, Sample Contract). The HPTE anticipates issuing a task order contract for a five year term. HPTE will only enter into a contract with a lead Contractor which will be responsible, among other matters, for subcontracting with other firms whose participation is necessary to complete the full scope of work required in the engagement. HPTE will retain the right to approve any such sub-contractor(s), with the understanding that certain sub-contractor(s) may only participate in a specific aspect of the overall work plan.

**1.24. SELECTION OF PROPOSAL:**

All proposers will be notified in writing (via email) regarding the results of the RFP selection. Upon review and approval of the evaluation committee’s recommendation for award, the HPTE Procurement Office will issue a “Notice of Intent to Make an Award” letter to the apparent successful proposer. Provided, however, that all proposers understand that such letter, by itself, does not grant any property interest or right of any nature in the RFP work/services or to a contract for the performance of such work/services. Contract terms that are consistent with the RFP and that are acceptable to the State must first be discussed, and a contract must then be completed and signed by all parties and the State Controller, before any such right exists. Therefore, the apparent successful proposer receiving a “Notice of Intent to Make an Award” letter shall not rely on that letter to make commitments to third parties, and the apparent successful proposer shall not take any actions(s) to prepare for, or start, the performance of the RFP work/services until a contract is so discussed and executed. If the parties are unable to agree on negotiated terms, for the contract, or if this desired schedule date is not met through no fault of HPTE, HPTE may elect to cancel the “Notice of Intent to Make an Award” letter and make the award to the next most advantageous proposer.

**1.25. AWARD OF CONTRACT - MERIT:**

The award will be made to that proposer whose proposal conforms to the RFP terms and conditions and is judged by the committee to be the most advantageous to the State of Colorado and HPTE, price and other factors considered, subject to negotiation, successful discussion, and final execution of an acceptable contract as described above.

**1.26. AWARD OF CONTRACT - TIMELINE:**

It is the intent of HPTE to select a preferred proposal within 30 days of the deadline for receipt of proposals. However, as the evaluation process is dependent upon the number of proposals received, their length, and committee member’s schedules, the schedule of activities after the proposal submission

deadline, is strictly estimated and therefore, bid proposals must be firm and valid for award for at least 90 days after the deadline for receipt of proposals.

**1.27. NEWS RELEASES:**

News releases pertaining to this RFP shall NOT be made prior to execution of a contract, and then are to be made only with the approval of HPTE. Selected proposer will not be allowed to discuss this information or to copy records to third parties per State regulation.

**1.28. TAXES:**

The State of Colorado, as purchaser, is exempt from all Federal taxes under Chapter 32 of the Internal Revenue Code (Registration No. 84-730123K) and from all State and Local Government Use Taxes (Ref. Colorado Revised Statutes Chapter 39-26.114[a]). Seller is hereby notified that when materials are purchased in certain political subdivisions the seller may be required to pay sales tax even though the ultimate product or service is provided to the State of Colorado. This sales tax will not be reimbursed by the State.

**1.29. PROJECT SERVICES AND FUNDING AVAILABILITY:**

Financial obligations of the State payable after the current fiscal year are contingent upon funds for that purpose being appropriated, budgeted, and otherwise made available. In the event funds are not appropriated, any resulting contract will become null and void, without penalty to the State of Colorado.

**1.30. INTELLECTUAL PROPERTY AND OWNERSHIP RIGHTS:**

All original materials, including any reports, studies, designs, drawings, specifications, notes, documents, software and documentation, computer-based training modules, electronically or magnetically recorded material and related intellectual property developed or created by the successful Contractor pursuant to the services sought by this RFP, and subsequently provided and integrated by contract between HPTE and the successful proposer, shall become the sole property of the State. Any commercial off-the-shelf software (COTS), required by successful proposer to complete the works described for this Contract, will be licensed to HPTE at HPTE's expense either directly by HPTE, or on behalf of HPTE, by the successful proposer.

**1.31. SUBMISSION OF CONFIDENTIAL/PROPRIETARY INFORMATION:**

The State neither requests nor encourages the submission of confidential/proprietary information in response to this RFP. Information submitted will be open for public inspection. However, written requests for confidentiality can be submitted to the HPTE Director, provided that the submission must be in STRICT accordance with the following procedures. Adherence to these procedures remains the SOLE RESPONSIBILITY of the proposer.

**PROCEDURES FOR SUBMISSION OF CONFIDENTIAL/PROPRIETARY INFORMATION:**

- A. Written request for confidentiality shall be submitted, by the proposer, with the proposal documents.
- B. The written request will be enclosed in an envelope marked "REQUEST FOR CONFIDENTIALITY", and attached to the cover of the ORIGINAL copy of the proposer's proposal that contains the HPTE invitation for proposal page with the proposer's ORIGINAL autographic signature.
- C. The written request must state SPECIFICALLY AND IDENTIFY BY PAGE NUMBER, what elements of the proposal are to remain confidential. The request must also IDENTIFY THE BASIS for the claim of confidentiality, OTHER than a recitation of a SPECIFIC State or Federal statute.

- D. Confidential/Proprietary information MUST be readily IDENTIFIED, MARKED and SEPARATED /PACKAGED from the rest of the proposal. Co-mingling of confidential/propriety information and other information is NOT acceptable.
- E. The HPTE Director will make a written determination as to the apparent validity of any request for confidentiality. The written determination of the Director will be sent to the proposer.
- F. Proposals that are determined to be at variance with this procedure may be declared non-responsive by the Director, and not given further consideration.

**1.32. ASSIGNMENT AND DELEGATION:**

Except for assignment of antitrust claims, neither party to any resulting contract stemming from this RFP, may assign or delegate any portion of the Contract without the prior written consent of the other party. This restriction includes contractor use of “out-of-state” personnel that may not have the ability to comply fully with HPTE Project scheduling constraints.

**1.33. VENUE:**

The laws of the State of Colorado shall govern in connection with the formation, performance and the legal enforcement of any resulting contract. It is the intent of HPTE that the requirements of Title 24, C.R.S. as amended, Article 101 through 112 and Rules adopted to implement those statutes shall govern this procurement to the extent they may be applicable.

**1.34. APPLICABILITY OF THE STATE PROCUREMENT CODE:**

HPTE is exempt from the State Procurement Code. Notwithstanding this exemption, specific provisions of the State Procurement Code are incorporated herein.

**1.35. BACKGROUND, OVERVIEW AND GOALS:**

**1.35.1. *Statement of Solicitation Request***

- The HPTE is pleased to request proposals from a qualified individual or firm(s) to offer general Tolling Advisory Services to HPTE.
- HPTE is a government owned business established as a division within CDOT governed by 43-4-806, C.R.S.
- HPTE will only enter into a contract with a lead Contractor which will be responsible, among other matters, for sub-contracting with other firms whose participation is necessary to complete the full scope of work required in the engagement. HPTE will retain the right to approve any such sub-contractor(s), HPTE is not seeking legal counsel as a part of this Request for Proposals.
- Interested parties should review this request for proposals in anticipation of submitting any questions in accordance with the Schedule of Activities presented in Section 1.3.

**1.35.2. *Overview***

Colorado’s first Express Lanes, the I-25 Central Lanes, opened in 2006 and since 2013 HPTE has opened three additional Express Lane facilities (US 36, I-25 from U.S. 36 to 120th and the I-70 Eastbound Mountain Express Lane). The US 36 project is already delivering significant benefits to this congested highway. Since the project began in 2011, RTD bus ridership on US 36 has increased 45 percent. Since project completion in 2015, US 36 commuters in all lanes are now experiencing savings in travel times and improved travel speeds—during peak hours speeds have improved up to 20 percent and 29 percent. The I-70 Eastbound Mountain Express Lane (MEXL) opened for tolling in December, 2015. Since opening, MEXL has proven to

be successful in reducing congestion and improving travel times and safety across all travel lanes, even while experiencing record-breaking volumes at the Eisenhower-Johnson Tunnels. The Mountain Express Lane's operational success enables increased vehicle throughput at traffic volumes that would have created stop-and-go conditions in previous years. Based on the demonstrated success of its four existing Express Lane facilities, HPTE will be expanding its network by opening seven more facilities in the next three years, C-470 (Summer/Fall 2019), I-25 North Segment 3 (2020), I-70 Westbound Mountain Express Lane (2020), I-25 North Segments 7 & 8 (2022), I-25 North Segment 6 (2022), I-25 South Gap (2022) and Central 70 (2022).

The primary source of CDOT's revenue, the state gas tax, has not increased since 1991. Coupled with the state's population growth (from 2016 to 2017, Colorado's annual growth rate was 1.4 percent, eighth highest in the nation), traffic congestion will only continue to worsen. Given these realities, it is unrealistic to expect that CDOT will have the ability to address increasing congestion and provide trip reliability solely through traditionally funded capacity improvements anytime in the near future. The demonstrated success of Express Lanes and the use of toll revenue backed project financing ensures that additional Express Lane corridors will open in the future as HPTE secures project financing.

## 6. STATEMENT OF WORK AND TASK ORDERS

### A. General Statement of Work

Contractor shall complete the Work as described in this Contract and in accordance with the provisions of Exhibit A and any Task Orders. The State shall have no liability to compensate Contractor for the delivery of any goods or the performance of any services that are not specifically set forth in this Contract or a properly executed Task Order.

### B. Task Orders

The State may execute Task Orders to authorize Contractor to perform portions of the Work. The State may execute Task Orders in its discretion and the State is not required to execute any minimum number of Task Orders under this Contract.

#### i. Task Order Development

To initiate a Task Order, the State will provide a request to Contractor describing the general scope and intent of the Work it desires Contractor to perform under that Task Order and the timeline for Contractor to submit a proposal in response to the request. Contractor shall submit a proposal to the State, within the timeline provided by the State, in response to the State’s request that contains, without limitation, a description of all of the following for the Project described in that Task Order:

- a. The final deliverables and other end results of the Project that the State will use to determine if the Project is complete and the dates on which those deliverables and other end results will be complete.
- b. All activities necessary for Contractor to complete the Project. This description may be in the form of a work breakdown structure if requested or approved by the State.
- c. All timelines and milestones that the State will use to determine if Contractor is on schedule to complete the Project. This description may be in the form of a project plan if requested or approved by the State.
- d. The total price of the Project, including a breakdown of any applicable materials costs, labor costs and other cost components as requested by the State as described in this Contract. The total price of a Project shall be determined based on the rates described in this Contract, and Contractor shall not include any work in a Task Order for which an applicable rate is not provided in this Contract.
- e. Contractor may complete a Project in phases, so long as all other requirements of this paragraph 6.B.i are included for each phase of the Project.

The State may direct Contractor to make changes to any proposal Contractor submits to the State. Contractor shall make all changes as directed by the State and may modify its price for the Project contained in that proposal to account for those changes. The State may accept or reject any proposal Contractor submits at any time, and may chose to not proceed with a Project prior to execution of a Task Order for that Project, in its sole discretion.

#### ii. Task Order Issuance

If the State accepts a proposal from Contractor, then the State will include that proposal as the statement of work for a Task Order. The State shall execute that Task Order in a form substantially similar to Exhibit C. Contractor shall not begin work on any Project until the Task Order for that Project is fully executed.

iii. Task Order Completion

Contractor shall perform the Project described in each Task Order that the State has executed, within the timelines and by the due dates described in that Task Order. The obligations and requirements of a Task Order shall be deemed to be obligations and requirements of this Contract.

iv. Task Order Modifications

When the Parties desire to modify a Task Order, Contractor shall update its proposal that was included in the Task Order to account for the modification the Parties desire to make. If both Parties agree to the updated proposal, they may modify the Task Order by executing an amendment to the Task Order that includes the updated proposal. No modified requirement of a Task Order shall be enforceable prior to the execution of the amendment to the Task Order that includes that modification. This paragraph 6.B.iv shall not apply to any modification to a Task Order that only modifies timelines within a Project without changing the due date of any deliverable or other end result, or only modifies the breakdown of costs within a Project without changing the total maximum amount for any State Fiscal Year, which may be made if the State approves of the modification in writing.

v. Task Order Termination

Regardless of the date of any deliverable or other end result of a Task Order, all Task Orders shall automatically terminate upon the date that this Contract expires or is terminated for any reason, unless the State directs otherwise in writing.

## 7. PAYMENTS TO CONTRACTOR

A. Maximum Amount

Payments to Contractor are limited to the unpaid, obligated balance of the Contract Funds. The Contract Maximum Amount for each State Fiscal Year shall be equal to the total maximum amount of all Task Orders for that State Fiscal Year. The State shall not pay Contractor any amount under this Contract for a State Fiscal Year that exceeds the maximum of all Task Orders for that State Fiscal Year, and shall not pay any amount under any Task Order for a State Fiscal Year that exceeds the maximum amount shown on that Task Order for that State Fiscal Year.

B. Payment Procedures

i. Invoices and Payment

- a. The State shall pay Contractor in accordance with the conditions set forth in **Exhibit A** and the terms of each Task Order.
- b. Contractor shall initiate payment requests by invoice to the State, in a form and manner approved by the State.
- c. The State shall pay each invoice within 45 days following the State's receipt of that invoice, so long as the amount invoiced correctly represents Work completed by Contractor and previously accepted by the State during the term that the invoice covers. If the State determines that the amount of any invoice is not correct, then Contractor shall make all changes necessary to correct that invoice.
- d. The acceptance of an invoice shall not constitute acceptance of any Work performed or deliverables provided under the Contract.

ii. Interest

Amounts not paid by the State within 45 days of the State's acceptance of the invoice shall bear interest on the unpaid balance beginning on the 45th day at the rate of 1% per month, as required by §24-30-202(24)(a), C.R.S., until paid in full; provided, however, that interest shall not accrue

on unpaid amounts that the State disputes in writing. Contractor shall invoice the State separately for accrued interest on delinquent amounts, and the invoice shall reference the delinquent payment, the number of day's interest to be paid and the interest rate.

iii. Payment Disputes

If Contractor disputes any calculation, determination or amount of any payment, Contractor shall notify the State in writing of its dispute within 30 days following the earlier to occur of Contractor's receipt of the payment or notification of the determination or calculation of the payment by the State. The State will review the information presented by Contractor and may make changes to its determination based on this review. The calculation, determination or payment amount that results from the State's review shall not be subject to additional dispute under this subsection. No payment subject to a dispute under this subsection shall be due until after the State has concluded its review, and the State shall not pay any interest on any amount during the period it is subject to dispute under this subsection.

iv. Available Funds-Contingency-Termination

The State is prohibited by law from making commitments beyond the term of the current State Fiscal Year. Payment to Contractor beyond the current State Fiscal Year is contingent on the appropriation and continuing availability of Contract Funds in any subsequent year (as provided in the Colorado Special Provisions). If federal funds or funds from any other non-State funds constitute all or some of the Contract Funds the State's obligation to pay Contractor shall be contingent upon such non-State funding continuing to be made available for payment. Payments to be made pursuant to this Contract shall be made only from Contract Funds, and the State's liability for such payments shall be limited to the amount remaining of such Contract Funds. If State, federal or other funds are not appropriated, or otherwise become unavailable to fund this Contract, the State may, upon written notice, terminate this Contract, in whole or in part, without incurring further liability. The State shall, however, remain obligated to pay for Services and Goods that are delivered and accepted prior to the effective date of notice of termination, and this termination shall otherwise be treated as if this Contract were terminated in the public interest as described in **§2.E.**

v. Erroneous Payments

The State may recover, at the State's discretion, payments made to Contractor in error for any reason, including, but not limited to, overpayments or improper payments, and unexpended or excess funds received by Contractor. The State may recover such payments by deduction from subsequent payments under this Contract, deduction from any payment due under any other contracts, grants or agreements between the State and Contractor, or by any other appropriate method for collecting debts owed to the State.

## **8. REPORTING - NOTIFICATION**

A. Quarterly Reports.

In addition to any reports required pursuant to **§19** or pursuant to any other Exhibit, for any contract having a term longer than 3 months, Contractor shall submit, on a quarterly basis, a written report specifying progress made for each specified performance measure and standard in this Contract. Such progress report shall be in accordance with the procedures developed and prescribed by the State. C. Performance Outside the State of Colorado or the United States, §24-102-206 C.R.S.

To the extent not previously disclosed in accordance with §24-102-206, C.R.S., Contractor shall provide written notice to the State, in accordance with §16, within 20 days following the earlier to occur of Contractor's decision to perform Services outside of the State of Colorado or the United States, or its execution of an agreement with a Subcontractor to perform Services outside the State of Colorado or the United States. Such notice shall specify the type of Services to be performed outside the State of Colorado or the United States and the reason why it is necessary or advantageous to perform such Services at such location or locations, and such notice shall be a public record. Knowing failure by Contractor to provide notice to the State under this §8.C shall constitute a breach of this Contract. This §8.C shall not apply if the Contract Funds include any federal funds.

Contractor shall make Contractor Records available during normal business hours at Contractor's office or place of business, or at other mutually agreed upon times or locations, upon no fewer than 2 Business Days' notice from the State, unless the State determines that a shorter period of notice, or no notice, is necessary to protect the interests of the State.

### **C. Monitoring**

The State, in its discretion, may monitor Contractor's performance of its obligations under this Contract using procedures as determined by the State. The State shall monitor Contractor's performance in a manner that does not unduly interfere with Contractor's performance of the Work.

### **D. Final Audit Report**

Contractor shall promptly submit to the State a copy of any final audit report of an audit performed on Contractor's records that relates to or affects this Contract or the Work, whether the audit is conducted by Contractor or a third party.

Contractor shall ensure all such agents, employees, assigns, and Subcontractors sign agreements containing nondisclosure provisions at least as protective as those in this Contract, and that the nondisclosure provisions are in force at all times the agent, employee, assign or Subcontractor has access to any State Confidential Information. Unless Contractor can establish that none of Contractor or any of its agents, employees, assigns or Subcontractors are the cause or source of the Incident, Contractor shall be responsible for the cost of notifying each person who may have been impacted by the Incident. After an Incident, Contractor shall take steps to reduce the risk of incurring a similar type of Incident in the future as directed by the State, which may include, but is not limited to, developing and implementing a remediation plan that is approved by the State, at no additional cost to the State.

**11. CONFLICTS OF INTEREST**

**A. Actual Conflicts of Interest**

Contractor shall not engage in any business or activities, or maintain any relationships that conflict in any way with the full performance of the obligations of Contractor under this Contract. Such a conflict of interest would arise when a Contractor or Subcontractor's employee, officer or agent were to offer or provide any tangible personal benefit to an employee of the State, or any member of his or her immediate family or his or her partner, related to the award of, entry into or management or oversight of this Contract.

**B. Apparent Conflicts of Interest**
